MEMORANDUM FOR: Director of Logistics

SUBJECT : Audit of Logistics Services Division

Mike:

1. As you are aware, I am not hesitant about making my feelings known when it comes to my attention that a performance, whether by an individual or a component, is considered marginal or substandard. On the other side of the ledger, it is equally important to give appropriate credit and recognition to those same elements when a job is performed in a highly satisfactory manner.

2. I have some reasonable feel as to the strong team effort required by a number of individuals to bring about the brief two-page audit report of 25 July 1974. It certainly reflects well on [] and those members of Logistics Services Division charged with keeping the books in order. My thanks to all concerned for a job well done.
